Why choose pavers?

Pavers are a natural choice. They are a versatile and durable material for many areas around the home.

Sustainable - Low maintenance - Design flexibility - Durable - Cost effective

Himalayan Sandstone

Size: 300mm x 300/400mm x 400mm

Price: \$20 - \$100

Originates from northern India and is much denser than traditional Sydney sandstone. Not affected by salt water corrosion.

Marble Plus

Create a feeling of refined grace with the marble collection.

Paving Plus

Top quality pavers and bullnose. Various sizes, in an easy to install and maintain concrete paver.

PGH

Be inspired by the wide range of high quality PGH paver collections in colours and textures that bring your designs to life. Always solid and always reliable.

Sandstone

Ideal for pool surrounds and pool coping. Beautiful and light, to offset your sparkling blue water

Stone Masonry

For extreme traffic driveways or situating heavy materials.

Travertine French Pattern

Ideal for creating a warm and unique internal floor or wall design. Equally as appealing for outdoor use.

Urban Stone

The House of Paving and Pots can provide a vast selection covering all designs, colours and applications.
